20 October 2021 (Main Congress)

## Feline Medicine

14.00 – 17.15

### FeLV and related diseases in cats

Panel Discussion (Thai)

Sponsored by **IDEXX**

รศ.สพ.ญ.ดร.รสมา ภูสุนทรธรรม

ผศ.สพ.ญ.ดร.ทัศนีย์ เจริญทรง

รศ.สพ.ญ.ดร.พันพิชา สัตถาสาธุชนะ

20 October 2021 (Main Congress)

## Oncology

**Dr. Ignasi Rodríguez**

DVM, PhD, MVetMed, Diplomate ACVIM  
Oncology.

### Biography

Dr. Ignasi Rodríguez graduated in Veterinary Medicine in 2003 at the Autonomous University of Barcelona. Dr. Rodríguez is a Doctor Cum Laude in biomedicine from the Pompeu Frabra University after completing his doctorate at the Center for Regenerative Medicine in Barcelona in the field of stem cells and regenerative medicine, where he published in top-level scientific journals such as 'Nature'. In 2014 he moved to London to do an Oncology internship at the Royal Veterinary College, considered the best veterinary school in the world in the main and most prestigious university ranking. Later, he completed his Oncology residency at the same institution under the tutelage of the American College of Veterinary Internal Medicine (ACVIM). In 2018 he obtained his ACVIM diploma in Veterinary Oncology, of great international prestige. Dr. Rodríguez has been a founding member of the Hopsital Veterinari Anicura Glòries since 2005 where he currently directs the oncology service which is the only one that has a certified specialist and an ECVIM-CA (Oncology) residency program in Catalonia.

## Cardiology

**Professor Etienne Côté**

### Biography

Dr. Etienne Côté is a board certified veterinary cardiologist and a Professor of Cardiology at the Atlantic Veterinary College at the University of Prince Edward Island in Charlottetown (Canada).

Dr. Côté obtained his doctorate in veterinary medicine from Cornell University in Ithaca, New York in 1993, interned at California Animal Hospital in Los Angeles in 1993-1994, and pursued his specialty training there in small animal internal medicine (1996-1998) and in cardiology (1998-1999).

Dr. Côté has since been with the University of Prince Edward Island where he teaches cardiology both in the lecture theater and in clinics to veterinary students. He is author and editor-in-chief of two editions of the Clinical Veterinary Advisor textbook for small animal practice; coauthor of the only textbook on heart diseases of cats, Feline Cardiology; and author or coauthor of scientific articles and textbook chapters.
